PROFESSIONAL SUMMARY

Motivated Artificial Intelligence & Data Science student with a strong foundation in machine learning, data analytics, predictive modeling, and full-stack integration. Skilled in Python, SQL, Power BI and developing innovative solution. Experienced in hands-on internship work and real-world project execution. Passionate about leveraging cutting-edge AI technologies and data-driven insights to solve complex industry problems

EDUCATION

Arunai Engineering College

Bachelor of Technology (B.Tech) – Artificial Intelligence and Data Science
2023 – 2027
CGPA: 8.1(Up to 6th Semester)

Government Boys Higher Secondary School

Completed Higher Secondary Education – 2023
Percentage: 78%

TECHNICAL SKILLS

- Python
 - Power BI
 - Data Science
 - Artificial Intelligence
 - Web Development
 - Figma (Editing)
 - Microsoft Excel
-

INTERNSHIP

Data Science with Python Intern (AdroIT Technologies Innovative Pvt. Ltd)

- Gained practical experience in data preprocessing, exploratory data analysis (EDA), and feature engineering using python (Pandas, NumPy, Matplotlib, Scikit-learn).
- Built predictive machine learning models to solve real-world analytics problem and preformed data-driven decision evaluation.

PROJECT

AI-Powered Disease Prediction System

- Built an AI model to analyze patient health data and accurately predict disease risks to aid early clinical diagnosis.

NLP & Machine Learning Suite

- Developed Sentiment Analysis, Spam Email Classification, Decision Tree and Regression models using TF_IDF and NLP pipelines.

Predictive Marketing & User Behavior Analytics

- Analyzed user behavior data to perform predictive modeling for personalized digital advertising and targeted ad placement.

CERTIFICATIONS

- Watson Services – Rapid Development for AI – IBM
- Data Analytics with Power BI – Adroit Technologies Innovative Solutions Pvt. Ltd.
- Watsonx Bot Development – IBM
- Full Stack Development and Data Science

ACHIEVEMENTS & PARTICIPATIONS

- Participated in a 24-hour international hackathon, developing practical technology solutions.
- Attended technical workshops and webinars on Agentic AI and autonomous systems.
- Presented Data Science and AI concepts at the POSTER PALOOZA event.

LANGUAGES KNOWN

- Tamil (Native)
- English (Professional working Proficiency)
